HASIL PROGRAM DAN PENJELASAN

1. Main Menu

a) Tampilan

b) Deskripsi Main menu

Tampilan dari menu ini adalah antarmuka pengguna (UI) untuk suatu aplikasi atau sistem yang terdiri dari dua bagian utama. Bagian pertama terletak di sebelah kiri dan diberi nama "FrameAkun," sementara bagian kedua terletak di sebelah kanan dan disebut "FrameMenu."

Semua elemen pada antarmuka ini dirancang dengan warna latar belakang putih dan warna teks hitam atau sesuai spesifikasi tertentu. Selain itu, terdapat ikon dan gambar yang memberikan tampilan visual pada setiap bagian menu.

c) Detail Main Menu

- Komponen Visual, text dan Variabel

Komponen Visual	Text	Variabel
Logo Hotel	-	-
Title Hotel	Hotel Madridistas	-
Logo User	-	-
Username	Username	-
BtnIncome	Income	PopLapIncome
BtnBoking	Booking	MenuBooking()
Logo Booking	-	-
BtnCheckin	Check In	MenuCheckIn()
Logo Check in	-	-
BtnLogOut	Logout	PopUpLogOut()
BtnUpdate	Edit/update	MenuEdit()
Logo Update	-	-
BtnCheck Out	Check Out	PopCheckout
Logo Check Out	-	-

- Source Code

B. Edit / Update

1. Nama Form: Edit

The screenshot shows a web application titled "FORM EDIT HOTEL MADRIDISTAS". The interface is divided into two main sections. On the left is a form for editing a hotel reservation, and on the right is a table displaying a list of reservations.

Form Fields (Left):

- Nama/No. Kamar:** A text input field.
- Nama :** A text input field.
- Alamat :** A text input field.
- No & Jenis Kamar :** A dropdown menu for room number and radio buttons for "VVIP" and "Ekonomi".
- Tanggal In :** A date picker showing "19/12/2023".
- Tanggal Out :** A date picker showing "19/12/2023".
- Harga :** A text input field.
- Buttons:** Four buttons at the bottom: "EDIT" (green), "DELETE" (green), "RELOAD" (green), and "EXIT APP" (red).

Table (Right):

No. Kamar	Nama	Alamat	Jenis Kamar	Tanggal In	Tanggal
-----------	------	--------	-------------	------------	---------

2. Deskripsi

Form ini berfungsi sebagai transaksi pengeditan pemesanan kamar dan juga update dari pengolahan data berupa penjumlahan harga yang harus dibayarkan oleh pelanggan yang telah di edit. Dengan menggunakan tombol submit untuk melakukan input data, tombol reload untuk mereload atau refresh tampilan dashboard dan delete untuk menghapus data

3. Detail Aplikasi

- Komponen Visual, Text dan Variabel

Komponen Visual	Text	Variabel
Self.labelnama	Kosongkan	Nama
Self.lineAlamat	Kosongkan	Alamat
Self.labelkamar	Kosongkan	No. Kamar
Self.radioEkonomi	Kosongkan	Ekonomi
Self.radioVVIP	Kosongkan	VVIP
Self.dateIn	Date time now	TanggalIn
Self.dateOut	Date time now	TanggalOut
Self.fromharga	Harga	Harga
Self.BtnEdit	Submit	Submit
Self.BtnReload	Reload	Reload
Self.BtnExit	Exit App	Exit
Self.lebelSearch	No. Kamar	Search
Self.ComboBoxSortBy	No. Kamar", "Nama", "Tanggal In", "Tanggal Out"	Item
Self.ComboBoxSortOrder	"ASC", "DESC"	Item
Self.BtnSort	Cari	-
